

UltraKnit™

The Facts

- Breathable, knit texture is more resistant to abrasion and mechanical damage than traditional knit linens
- Durable material offers greater resistance to pinholing, and lasts 4 times longer than blended versions
- Dries up to 40% faster than cotton/polyester blends
- Special stretch construction and product designs ensure a wrinkle-free surface that accommodates a wide range of mattresses
- Stain resistant properties reduce the need for costly rewashes

ULTRAKNIT LINENS
